

*"Making the decision on nursery care for our first child was a big decision and we started by visiting every nursery in the Southbourne area to compare. Having visited all the Nurseries, what was clear for us was the way in which all the team from the owners to the nursery team had exacting standards on everything they did. The team appeared to take the day to day operations to another level and looked to be creating an organised and disiplined environment where development and safety were at the top of their agenda. Our son loves the nursery and while only 2, he can't wait to get there and will mention it at the weekend. My wife and I are so thankful we made the right decision in placing him with 'Cats Whiskers' as he is becoming what we always wanted him to, happy and confident."*

*"Going back to work was made so much easier with the help from everyone at Cats Whiskers. Our son loves it here and we couldn't be happier with the care he receives.....only problem we have is convincing him to come home after a fun day at Nursery!!"*

*The garden and outdoor learning environment is a firm favourite for my daughter - she enjoys and learns from the many 'nature' based experiences that the nursery provides. She always talks about her friends and 'Peter the rabbit' is a favourite."*

*"I knew the minute I walked in that it was the place I wanted the girls to be. Having viewed LOADS of other nurseries this*

*was the only one that felt like a small homely atmosphere as opposed to a large corporate chain of nurseries*

*"I am comforted to know that my child is in safe and loving hands when dropped off to Nursery"*

*" We chose Cats Whiskers for the lovely staff, the homely environment and how welcoming the nursery is"*

*" There is nothing more important than knowing your children are well cared for when they are being left without you. Cats Whiskers provides a wonderful small close knit environment with long term staff and security for the children . There has never been a moment that I have worried that my children aren't being cared for as well I would care for them myself at home."*

***"My children started coming to Cats Whiskers over 12 years ago, and I would not have my youngest child at any other nursery! A perfect, learning and caring environment.***

***My child is safe, encouraged and thrives at Cats Whiskers Day Nursery.***

***There is constant and freely given support and encouragement to us as a family unit - it is never rushed or uncomfortable to ask questions or to seek advice from staff.***
